

SERVICES

Mobile

Telstra offers a broad range of mobile plans, standard and capped, linked to a comprehensive range of mobile phones.

Fixed Lines

There is a range of fixed line services offering benefits such as free calls to all mobiles on the same account.

Broadband Internet

Staying connected is now a necessity more than an inclination. Business needs to be linked to maintain communications.

Fixed Broadband

Within a tenancy, a fixed broadband link can provide a stable high speed interface to the network.

Wireless Broadband

A Wireless solution is ideal for people on the move or in short term environments. The Telstra Next G next is the fastest, most reliable wireless service in Australia.

Business Systems

Teletec offers the complete range of LG Business Systems.

Telecommunications Management Services

Teletec offers a full management solution on a do and charge basis or on a monthly retainer.
